

It's always a HOOT at LOLA!

MARCH 2021 NEWSLETTER

WHAT'S THE NEWS?

This month we will be exploring everything about "Outer Space", from stars to planets, meteorites to satellites. We will see firsthand just how astronauts survive in our solar system. Not only will we learn about all the planets, but we will learn about life beyond the "Milky Way". In phonics, we are continuing with letter recognition and identifying the sounds we hear in our name. Bouncing over to math we are practicing patterns and sequencing, then in literacy we are retelling a story using only pictures. Keep an eye out for some fun spirit days coming up this month!
